Who are the Rockers?

The
STUDENT

The
TEACHER

The Rockers are two characters from Rhythm Heaven on the Nintendo DS. They first appeared in the minigame "Rockers". They are a recently formed duo of guitarists who are really really cool (my opinion).

Mr. Rocker

A legendary guitarist formerly known as the "King of Head-Banging". He had to retire for a few years due to an injury, but he's back now.

He likes singing frogs, playing guitar, and mimicking guitar noises. He doesn't smile often - isn't he so cute?

JJ'S STUDENT

A new up-and-coming guitarist who teamed up with J.J. Rocker. He has no name, so fans usually call him Student Rocker or Deshi-kun (disciple). It can be fun to see the many interpretations of him. He seems like a nice guy and I like to think that he's a big fan of J.J.

Their designs are based off
the real life band

WATASHIMESLUG ~~W~~

LEO

Soshi

Do you see the resemblance?
Their music is very good,
You should listen to them (it's your
homework). I like "RUN BULLET" and
"Kirnberger Dai ichi hou". Soshi
has provided vocals for some
songs in Rhythms Heaven, and
has made many cameos!
(Watashine slug disbanded in 2009)

It's been 5 years

Since I found Rhythm
Heaven, and 5 years since
I found the Rockers. I'm
quite normal about them. Trust.

(If they don't
show up in
the new game,
I'll assume
they're in the
Bahamas.)

Their friendship is so
so special to me. There's
many interpretations on
their relationship, but
mine is...

...a friendship
not affected by
seniority or experience...

... where they
work hard
and trust
each other
...

...
inspire each
other and help
each other
grow...

... all through
their shared
love of
music.
